REGION 10  
INVESTIGATIVE CASE SUMMARY**

**10-0039-23-14**

On Friday, August 30, 2013, at approximately 10:00 a.m., Special Agent (SA) WESLEY HORNE met with Fulton County Superior Court Judge GAIL TUSAN. This meeting took place in her chambers in the Fulton County Courthouse. The purpose of this meeting was to obtain information about alleged unethical behavior by a former law clerk.

Judge TUSAN informed SA HORNE that on January 2, 2013 she terminated the employment of her law clerk, KRYSTAL MOORE. She stated that MOORE was upset about the termination and has joined forces with persons and groups who are critics of Judge TUSAN. Judge TUSAN stated that she recently became aware of an article on the internet that was forwarded in an e-mail to a large number of people including personnel in the Fulton County Courthouse. The article is titled "His Judgement Cometh." The article is critical of Judge TUSAN and others at the Fulton County Courthouse. She stated that some of the information in the article, to include recorded audio statements, came from MOORE. Judge TUSAN provided SA HORNE with a copy of the article and a copy of the e-mail that was sent. These documents are attached. Judge TUSAN informed SA HORNE that the article was forwarded to her by ANITA THOMAS. A copy of that e-mail is also attached.

The original e-mail containing a link to the article was mailed by "LAINE HANSON." Judge TUSAN stated that she does not know this person. Judge TUSAN wanted the GBI to review the article to see if there were any violations of the law. SA HORNE asked Judge TUSAN if she knew of any laws that were violated. Judge TUSAN stated that it appeared that her former law clerk was referring to herself as an attorney despite not having passed the bar exam. Judge TUSAN wanted to know who had posted the article and the identity of LAINE HANSON. Judge TUSAN suspects that her former law clerk is involved. Judge TUSAN stated that she would go through the article over the next week and get back with SA HORNE with additional information regarding the posted article.
